

BEAUMONT HOSPITAL TRANSIT CARE UNIT *Continuing Our Patients Journey To Discharge.*

Beaumont Hospital are delighted to present their recently opened Transit Care Unit. The purpose of the unit is to ensure our patients experience a relaxed, timely and well planned service on their day of discharge.

Patient's can be welcomed to the Transit Care Unit from 7am. The unit provides a relaxed, comfortable environment while patient's wait to complete their care, transfer to another healthcare facility or wait for someone to take them home. Facilities include comfortable reclining chairs, beds, toilets, showering facilities, T.V.'s and light refreshments are served.

Qualified Nursing staff and healthcare professionals work on the unit ensuring that all patient's nursing care needs can be attended to. Medical treatment and input from other disciplines including physiotherapists, occupational therapists, medical social workers etc. can be attended to in the transit care unit. Each patient's doctor will continue to care for them until they leave the hospital.

OPENING HOURS: Mon to Fri 07:00 – 16:30

What our patients say about us:

"All the staff here are polite and helpful. I wouldn't change anything."

"I don't mind waiting down here the chairs are very comfortable and my daughter can't come in until after she drops the kids to school. I can't wait to get home for a cup of tea in my own house."

"This place is a great idea. I couldn't wait to get out of the ward now that I'm better. It's nice to have somewhere different to wait and watch the telly."
